### WALTHAM WATCHES For Accuracy and Long Service **GUARANTÉED BY LAMBERTS**

When you buy a watch, be sure to get more than a "case deep" return for your money. Good looks in a watch, as in a man, are well enough, but you would not hire a man for his beauty alone. Neither should you buy a watch without knowing that

it is all right under its case. Waltham watches are built for long, accurate service.

Here are two styles guaranteed by the world-famous makers and also by Lambert Brothers, who sell all kinds

Monogram Watch, thin Model, "Col-Walonial tham" Solid 14 - Karat Gold, Plain Polished. Open - Face case, fine 17

Here is a lady's watch hunting case, engine jewel, adjust-turned, with Waltham ed movement -\$40.00.

works, at \$16.50. You get the best watch you ever had or ever knew by choosing it at Lamberts.

Time is money, you know, and a Waltham watch is a savings bank. Beware of falsely low prices. No way has been found of delivering a Waltham watch movement, man's size, in a guaranteed loiid 14-karat gold case, open face, for less than \$22.50.

Nor can a lady's Waltham watch in a solid gold hunting case be sold to advantage for less than \$16.50, in an open-face case under \$15. Nobody will sell you a watch for less than it is worth.

As watch sellers Lambert Brothers have built up a reputation by telling the plain truth about watches, as the watches themselves tell the truth about Time.
